About: Downtown On the Go!

Downtown On the Go's purpose is to create a community where everyone can get around with or without a car. We are the transportation advocate for anyone whose life is in greater Tacoma. We do this by: *Advocating for transportation equity for all, regardless of background, ability, or circumstance. Educating about transportation choices other than driving alone. Encouraging use of transit, ridesharing, biking, walking, and flexible work arrangements. Championing transportation choices and policies that promote community livability.*
